The Comprehensive Annual Financial Report (Annual Report) for Johnson County, Iowa for the fiscal year ended June 30, 2020, is hereby submitted in accordance with the provisions of Section 331.403 of the Code of Iowa.

This report consists of management's representations concerning the finances of the county. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based on a comprehensive framework of internal controls. Financial internal controls are established to protect the county's assets from loss, theft, misuse and to ensure that generally acceptable accounting principles (GAAP) are followed. Because the cost of internal controls should not exceed the benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free from any material misstatements.

Eide Bailly LLP, a firm of licensed certified public accountants has audited Johnson County's financial statements. The goal of the independent audit was to provide a reasonable assurance that the financial statements for the fiscal year ended June 30, 2020 are free of material misstatement. The independent auditor's report is presented at the front of the Financial Section of this report.

Management's Discussion and Analysis (MD&A) provides a narrative introduction, overview, and analysis to accompany the basic financial statements. The MD&A should be read in conjunction with this letter of transmittal and is located immediately following the independent auditor's report in the Financial Section of this Annual Report.

Profile of Johnson County

Johnson County, Iowa was organized in 1837. The county is governed by a five member Board of Supervisors. Board members serve overlapping four-year terms with elections held every two years. The Board annually adopts a budget and establishes tax rates to support county programs. Also elected to four-year terms are the following county officials: Attorney, Auditor, Recorder, Sheriff, and Treasurer. These officials, along with department heads appointed by the Board, are responsible for administration of the programs and policies adopted by the Board of Supervisors.

Johnson County provides a full range of services to their residents. These services include public safety and legal services, physical health and social services, services to people with mental health and physical disabilities, county environment and education, construction and maintenance of secondary roads, general services to residents, and administrative services.

The county is required by the State of Iowa to adopt an annual budget for the total operating expenditures of the county by functional area. The budget is required to be adopted by March 15th prior to the beginning of the fiscal year (July 1). This annual budget serves as the foundation for Johnson County's financial planning and control. The budget is prepared by fund (e.g. general, special revenue, debt), function e.g. public safety & legal services, physical health & social services), and department (e.g. Sheriff, Human Resources, Medical Examiner). Departments can allocate budgetary resources within their department as they see fit, however, they cannot exceed the total amount budgeted to their specific department. Budgetary changes within county departments and funds, in addition to increasing or reducing a department's budget, requires special approval by the Board of Supervisors in the form of a budget amendment or less commonly through an appropriation resolution. Budget amendments are typically done twice a year, both in the fall and spring.

Local Economy

Johnson County has the fourth largest population of the ninety-nine counties in the state of Iowa in calendar year 2019. The cities of Iowa City, Coralville, and North Liberty make up 76% of the county population according to the 2010 census. The balance of the county is made up of rural residents and seven smaller towns each with a population under 2,500.

Based on U.S. Census Bureau information, population of the county has decreased by 120 people from 151,260 in the calendar year 2018 to 151,140 people in calendar year 2019, equaling a reduction of less than 1% for the year. The 2010 US census shows the county population estimate at 130,822, which equals a 9-year growth of 20,258 people or 15.5%. Household income per capita in 2019 was \$62,542 up \$902 or 1.4% from 2018 household income per capita of \$61,640.

The labor force living in Johnson County who work in nonfarm employment decreased from about 87,400 in June 2019 with an unemployment rate of 2.3% to about 85,700 in June 2020 with an unemployment rate of 7.9% according to Iowa Workforce Development. From June 2019 to June 2020, there was a net decrease of 1,700 jobs or 2% of the labor force.

The total number of housing units in calendar year 2019 was 66,257, an increase of 3,977 over calendar year 2018 units of 62,280. In 2015, the number of housing units was 60,857. Johnson County has added 5,400 units in the last 5 years, an increase of 8.2%. The number of building permits issued (single family detached) was 52 in calendar year 2019 for a total value of \$24.3 million with an average home value of \$461,538. That is an increase in total value of \$1.4 million from the 2018 total of \$22.9 million and a increase of 3 permits issued. The average home value decreased from \$467,196 in calendar year 2018 to \$461,538 in 2019 a decrease of \$5,658 or 1.2%.

There has been major construction in the county for the last several years. In fiscal year 2020, the University of Iowa had construction projects in process totaling \$167,130 million. In addition, there were major construction projects in process for other municipalities and the county in the amount of \$58.6 million, approximately. The large amount of construction in the area has led to a shortage in the construction industry labor pool and thus has increased the cost of construction in Johnson County.

The largest employer in the county is the University of Iowa and University of Iowa Healthcare. The University of Iowa had an increase in operating revenue of \$39.8 million in fiscal year 2020 for a total of \$3.451 billion. The University of Iowa Healthcare had an increase in operating revenues of \$104.7 million in fiscal year 2020 for a total of \$1.940 billion. The overall increased funding level shows stability for these two major employers.

Long Term Financial Planning

The unassigned fund balance in the general fund as of 6/30/2020 equals \$23,109,692. This amount is greater than the 30% of the fiscal year 2020 tax asking for the General Basic Fund according to the policy guideline set by the Board of Supervisors for budgetary and planning purposes. Fiscal year 2020 ended with an increase in the general fund unassigned fund balance of \$3,610,412. As the county faces reduced revenues due to the pandemic, potential cutbacks in state funding and reduced property tax credit funding, the need to keep a financial reserve has never been greater.

Relevant Financial Policies

The county has adopted a practice in the last several years of using debt to access Tax Increment Financing (TIF) districts to lower residential property tax askings. The way TIF works is that the frozen base valuations are set at the level of the year prior to the first filing of TIF debt with the County Auditor. Taxes on the frozen base are collected and distributed as they would be if not in the TIF. Increases in valuation in a TIF district are called the increment. Most of the taxes on the increment go to the city to pay off TIF related debt.

Debt service levies for all taxing authorities, as well as school physical plant and equipment levy (PPEL) and instructional support levies are distributed to those agencies. Increments are reduced and shifted back to the base when debt is paid or a city requests a reduction. Counties are allowed to finance certain qualified expenses by borrowing the funds and paying off the resulting loans/bonds through the Debt Service fund tax levy.

The Debt Service levy is the only means available to the county to access a TIF area's incremental growth via property taxation. The TIF will then be contributing to the cost of county government via the Debt Service levy tax.

Without the Debt Service tax, TIF areas would contribute very little towards the cost of our county's operations, services or projects. For FY 2020, Johnson County identified ~\$21.4 million of expenses that qualify for financing via loans/bonding that include:

- \$9.7 M for all county & JECC insurance
- \$4.5 M for Herbert Hoover Highway construction projects
- \$2.7 M for capital construction, repairs and improvements
- \$2.5 M for conservation projects
- \$0.7 M for Affordable Housing
- \$1.4 M for technology and equipment purchases

These identified costs are generally unavoidable and would have been a component of the FY 2020 budgeted expenses, financed either through the General Fund tax levy or through the use of the Debt Service Fund tax levy. By using the Debt Service tax levy for these qualified bonding opportunities in FY 2020, the TIF areas within Johnson County contributed ~\$1.9 M in taxes. These additional TIF taxes have reduced the cost of the typical residential property's tax bill for those qualified expenses by 6.5% or \$16.42 per \$100,000 of taxable valuation.

Major Initiatives

Three initiatives in the Board of Supervisors Strategic Plan that had an impact in FY2020 were:

1. Continued funding for affordable housing by granting the Johnson County Housing Trust block grant funds of \$630,000. This re-occurring funding stream will leverage state and federal dollars to build more housing units that are affordable for low-income families.
2. During FY20 a space needs analysis was in process to evaluate and provide employees with a physical work environment that increases employee collaboration, satisfaction and ability to provide excellent service to the public.
3. The Board of Supervisors is moving forward with a plan to revitalize the Historic Poor Farm, with the main focus being the reconstruction of the buildings on the property.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Johnson County for its comprehensive annual financial report (Annual Report) for the fiscal year ended June 30, 2019. This is the sixth consecutive year the county has received this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles (GAAP) and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report could not have been completed without the cooperation and services of the staffs of the Auditor and Treasurer offices. In addition, gratitude is expressed to the independent auditors, Eide Bailly LLP, who provided support and assistance. Thank you as well, to the Johnson County Board of Supervisors for their support.

Respectfully submitted,

Johnson County, Iowa

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Johnson County, Iowa, (County) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Johnson County, Iowa, as of June 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the other required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Johnson County, Iowa's basic financial statements. The introductory section, combining nonmajor fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), and is not a required part of the financial statements.

The combining nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

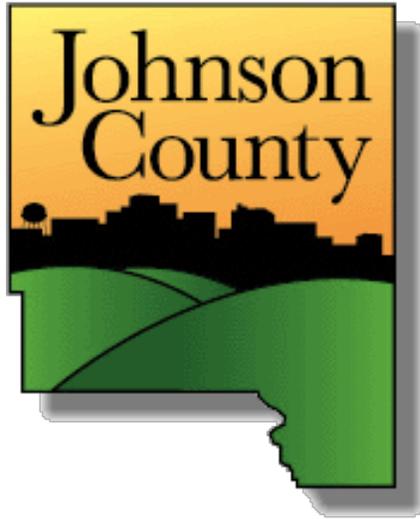

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report dated March 26, 2021, on our consideration of Johnson County, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Management's Discussion and Analysis (MD&A)

June 30, 2020

Johnson County, Iowa provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the year ended June 30, 2020. We encourage readers to consider this information in conjunction with the County's financial statements, which follow.

2020 FINANCIAL HIGHLIGHTS

- Total net position was \$195,876,232 at June 30, 2020. This was an increase of \$16,007,777 (9.0%) compared to the prior fiscal year.
- Overall revenues of governmental activities increased 3.2% or \$3,090,610 from fiscal year 2019. Property tax revenues increased \$2,222,679; operating grants and contributions increased \$938,456; charges for services increased \$3,721,244; tax credit revenues decreased \$16,824; capital grants and contributions decreased \$3,341,624 and unrestricted investment earnings decreased \$328,864.

OVERVIEW OF FINANCIAL STATEMENTS

This annual report consists of a series of financial statements and other information as follows:

- **Management's Discussion and Analysis** - Introduces the basic financial statements and provides an analytical overview of the County's activities.
- **Government-wide Financial Statements** – Consist of a Statement of Net Position and a Statement of Activities. These provide information about the activities of Johnson County as a whole and present an overall view of the County's finances.
- **Fund Financial Statements** - Focus on reporting how government services were financed in the short term and what resources remain for future spending. Fund financial statements report operations in more detail by providing information about the most significant governmental funds. The remaining statements provide financial information activities for which Johnson County acts solely as an agent or custodian for the benefit of those outside of county government (custodial funds).
- **Notes to Financial Statements** - provides additional information essential to a full understanding of the data provided in the basic financial statements.
- **Required Supplementary Information** – further explains and supports the financial statements with a comparison of the County's budget for the year, the County's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes.
- **Supplementary Information** – provides detailed information about the non-major governmental funds and the individual Custodial Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various Federal programs benefiting the County.

Government-Wide Financial Statements

The government-wide financial statements report information about the County as a whole using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private-sector companies. The Statement of Net Position includes all of the government's assets, deferred outflow of resources,

liabilities, and deferred inflow of resources. All of the current year's revenues and expenditures are accounted for in the statement of activities regardless of when cash is received or paid.

The two government-wide statements (Statement of Net Position and the Statement of Activities) report the County's net position and how it has changed compared to the prior year. Net position, is the difference between assets, deferred outflow of resources, liabilities, and the deferred inflow of resources, and is one way to measure the County's overall financial health.

- Over time, increases or decreases in the County's net position may serve as an indicator of whether its financial health is improving or deteriorating, respectively.
- To assess the overall financial health of the County, one needs to consider additional non-financial factors such as changes in population, changes in the property tax base, and changes in program funding by the Federal and State governments, and the physical condition of its facilities.

The government-wide financial statements of the County include governmental activities such as public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, interest on long term debt, and non-program activities. Most of the County's basic services are included here, such as the Sheriff, County Attorney, Recorder, Treasurer, Auditor, Board of Supervisors, Ambulance, Public Health, Medical Examiner, Paratransit Services (SEATS), Planning & Zoning, Conservation, Human Services, Veteran Affairs, Juvenile Court Services, Mental Health/Developmental Services, rural funding to libraries, Secondary Roads, and Court Services. Property taxes and state and federal grants fund most of these activities.

Fund Financial Statements

The fund financial statements provides greater detailed financial information about the County's most significant funds, not the County as a whole. Funds are accounting devices that the County uses to keep track of specific sources of funding and spending for particular programs. Some of these funds are established by state law. The Board of Supervisors establishes other funds to control and manage money for particular purposes or to show that the County is meeting legal responsibilities for using certain revenues. The County has three kinds of funds:

Governmental funds - Most of the County's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for future use. Consequently, the governmental funds statements provide a detailed short-term view that helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's various programs. Because this information does not encompass the additional long-term focus of the government-wide statements, we provide additional information following the governmental fund statements that explains the relationship (or differences) between them. Funds included are the General Fund, Debt Service Fund, Capital Projects Fund, and Special Revenue Funds (Rural Services, Mental Health Fund, Secondary Roads Fund). The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures, and changes in fund balances.

Fiduciary funds – the County is the trustee, or fiduciary, for assets that belong to others. Fiduciary funds for Johnson County include the E-911 Fund, the Empowerment Fund, The Iowa City & Johnson County Assessor Funds, the Emergency Management Fund, the Lower Cedar Watershed Management Authority, the MHDS/East Central Region and the Abandoned Storage Fund. The County is responsible for ensuring that assets reported in these funds are used only for their intended purposes and by those to whom the assets belong. All of the County's fiduciary activities are reported in a separate statement of fiduciary assets and liabilities. We exclude these activities from the Government-wide financial statements because the County cannot use these assets to finance its operations. The required financial statements for fiduciary funds include a statement of fiduciary assets and liabilities.

Proprietary funds – The County has an internal service fund set up for the administration of its self-funded employee health insurance plans. Funds are paid into the health insurance fund from other county funds for payment of premiums, claims and administrative costs. The internal service fund is an accounting device used to accumulate and allocate costs internally among the County's various functions. The required statements include a statement of net position, a statement of revenues, expenses, and changes in fund net position, and a statement of cash flows.

Reconciliations between the government-wide financial statements and the fund financial statements follow the fund financial statement presentation.

FINANCIAL ANALYSIS OF JOHNSON COUNTY -- Net Position

The County's combined net position increased from \$179,868,455 to \$195,876,232. See Table 1. Analysis will focus on changes in net position for governmental activities.

Changes in Net Position

Net Position may serve as an indicator of a government's financial position. The total net position of governmental activities increased by 9.0% compared to fiscal year 2019. Liabilities increased from fiscal year 2019 to fiscal year 2020, due primarily to an increase in the current liabilities. Additionally, the increase to current assets was primarily a result of increases in both the County's overall cash position and in the succeeding year taxes receivable. The largest portion of the County's net position is invested in capital assets (land, buildings, equipment), net of related debt. The debt related to investment in capital assets is liquidated with sources other than capital assets. Restricted net position represent resources that are subject to external restrictions, constitutional provisions, or enabling legislation on how they can be used. Unrestricted net position increased from \$16,935,571 in fiscal year 2019 to \$22,506,609 in fiscal year 2020. This increase of 32.9%, is primarily due to the effect of the County's increase in total assets exceeding the increases seen in the County's liabilities, deferred inflows, net investment in capital assets and restricted net position at fiscal year-end.

The County increased property taxes levied for fiscal year 2020 by 3.6%. This increase raised the County's property tax revenue by \$2,222,679. Based on increases in the tax levies and total assessed valuation, property tax revenue is budgeted to increase by an additional \$1.7 million, an increase of ~2.6% for fiscal year 2021.

The cost of all government services this year was \$80,993,158 compared to \$74,043,191 last year. The amount financed by taxpayers was \$50,699,946 (See Statement of Activities). Some of this cost was paid for by those who benefited from programs or other government grants and contributions. The County's program revenues increased from \$28,975,136 to \$30,293,212 from fiscal year 2019 to 2020, due to an increase in charges for services and operating

grants.

MAJOR FUND ANALYSIS

Governmental funds reported a combined fund balance of \$53,456,255 an increase of \$2,881,002 compared to the prior year.

- General fund revenues had an increase of \$3,477,508 due to an increase in property and other County tax revenue of \$883,940, a decrease in interest and penalty on property tax of \$178,131, an increase in intergovernmental revenue of \$2,757,143, an increase in licenses and permits revenue of \$99,893, a decrease in charges for services revenue of \$126,288, a decrease in use of money and property revenue of \$212,373, and an increase in miscellaneous revenue of \$253,324. Total General fund expenditures increased \$2,120,151 due to an increase in public safety and legal services expenses of \$1,403,145, an increase in physical health and social services expenses of \$188,061, an increase in county environment and education expenses of \$347,681, an increase in administration expenses of \$392,468, an increase in debt service principal of \$25,000, an increase in non-program expenses of \$44,902, an increase in mental health expenses of \$25,012. These expense increases were offset by a decrease in governmental services to residents of \$116,199, a decrease in capital project expenses of \$181,813 and a decrease in debt service interest expense of \$8,106.
- Rural Services fund revenues increased by \$188,581 largely as a result of an increase in property tax revenue of \$190,629. Expenditures increased \$62,480 and the transfer out to the Secondary Roads fund increased \$171,013 compared to the prior year. The ending fund balance showed a decrease of \$80,709 from the prior year to a year-end total of \$390,543.
- Secondary Roads fund revenues increased by \$1,319,269 compared to the prior year, largely due to an increase in intergovernmental revenues of \$1,398,338. Expenditures increased in the Secondary Roads fund by \$1,265,763 due to an increase in capital projects of \$1,508,581 and a decrease in roads & transportation expenses of \$242,818. Interfund transfers into the Secondary Roads fund increased by \$224,762 compared to the prior fiscal year. The ending fund balance showed an increase of \$1,766,545 from the prior year to a year-end total of \$7,595,683.
- Mental Health fund revenues decreased by \$568,962 from the prior year, due largely to a decrease in property tax revenue of \$410,566 and a decrease intergovernmental revenue of \$158,435. Expenditures increased by \$2,239,315 compared to the prior year largely due to an increase in the financial support requested from the East Central Region. The Mental Health fund balance decreased by \$2,218,225 to \$1,718,891 during fiscal year 2020.
- Capital Projects fund revenues, transfers in and other financing sources decreased by \$61,549 and expenditures increased by \$1,710,943. The fund balance increased by \$489,500 from \$16,373,988 to \$16,863,488 in fiscal year 2020. The revenues and expenditures of this class of fund will vary depending upon the timing of the various projects.
- Debt Service fund revenues and transfers in increased by \$806,038 and expenditures and transfers out also increased by \$974,538 compared to the prior fiscal year. The fund balance decreased by \$84,047 during FY20, ending the year with a balance of \$310,418.

General Fund Budgetary Highlights

Johnson County amended the county budget twice during the 2020 fiscal year. The first amendment occurred in November 2019 and was necessary to recognize additional grant revenues and grant program expenditures, make budgetary adjustments for personnel costs and establish sufficient budgetary authority for the fiscal year's planned and ongoing capital projects expenditure activity. The second amendment occurred in May 2020. Budgetary adjustments were made for new programming grant revenues and associated expenditures, capital project expenses, various secondary roads' repairs, adjustments for merit pay, retirement payouts and other payroll related expenses.

Actual general fund revenue received in fiscal year 2020 was .2% less than the final budget, any significant decreases in revenue were offset by increases in other areas. Actual general fund expenditures were \$5,253,093 or 7.5% lower than the final budget, primarily due to using less fuel and reduced salaries and benefits related to COVID-19.

Amendment and other budgetary information is available in the Johnson County Auditor's Office or by visiting the Johnson County Iowa Finance department's webpage.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

For fiscal year 2020 the County had a net increase of \$11,045,354 in a broad range of capital assets, including land, intangible assets, equipment, vehicles, and infrastructure. Significant expenditures were related to Secondary Roads infrastructure projects, acquisition of technology assets, purchases of vehicles and equipment, renovation of existing County buildings, several conservation and recreational related projects and land acquisitions, and the construction of a new Ambulance/Medical Examiner facility. See Table 3. More detailed information about the County's capital assets is presented in the notes to the financial statements.

The County had depreciation expense of \$6,181,784 in fiscal year 2020 and total accumulated depreciation of \$83,131,206 on June 30, 2020.

The County's fiscal year 2020 amended budget projects spending of \$33,420,025 for Secondary Roads work for the Herbert Hoover Highway, 120th Street, Ely Road restoration projects and other road related infrastructure, a number of conservation and recreational related infrastructure projects and enhancements, the County's technology needs, vehicle and equipment acquisitions for many county departments, and the continuing repair, renovation, enhancement, acquisition and construction of various County buildings and sites. The County annually completes a Five Year Road Plan and Capital Improvement Plan (CIP). Both can be viewed by contacting management or are available on the County's web site www.johnson-county.com.

For more detailed information on the County's capital assets please see Note 4 in the financial statements.

Long-Term Liabilities

At fiscal year-end, the County had \$13,571,932 in long-term liabilities, consisting of general obligation capital notes and compensated absences (Table 4). In 2020, the County issued \$21,382,000 in new general obligation capital loan notes with \$11,857,000 being a 120 day short term note that was paid back in the same fiscal year, and \$9,525,000 in a three year note. During fiscal year 2020 the County retired \$9,550,000 not associated with the short term notes mentioned above. More detailed information about the County's long-term liabilities is presented in the notes to the financial statements.

The Constitution of the State of Iowa limits the amount of general obligation debt counties can issue to 5% of the assessed value of all taxable property within the County's corporate limits (\$14,671,724,224). Johnson County, Iowa's outstanding general obligation debt is significantly below its constitutional debt limit of approximately \$734 million.

For more detailed information on the County's long-term debt please see Note 6 in the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

At the time these financial statements were prepared and audited, the County was aware of several circumstances that could affect its future financial health:

- Johnson County continues to be one of the fastest-growing counties in Iowa. Johnson County's population grew from 130,882 residents in 2010 to an estimated 151,140 in 2019.
- Johnson County has faced some challenges due to the pandemic during fiscal year 2020. Johnson County's June 2020 unemployment rate of 7.9% is below the State average of 8.4% and well below the national average of 11.1%. The County has recently seen this trend start to lower as citizens' return to the workforce.
- Johnson County's taxable valuation growth of 4.7% for the FY 2020 budget year is an indication of the County's overall economic stability, growth and continuing financial viability.
- Recent legislative changes in the taxation of commercial property will continue to cause a significant shift of the property tax burden from commercial properties to residential properties and will present an ongoing challenge to local government funding now and into the near future. We expect that the State of Iowa's current budgetary challenges will perhaps significantly affect local government funding in the future.
- The use of tax increment financing (TIF) by most cities in Johnson County continues to pose challenges for other local governments, including Johnson County. Johnson County has the ability to tax the incremental growth in the value of these TIF districts only through the use of the debt service levy, which the County has deliberately utilized to lower the tax impact on their County's residential property owners.
- Reorganization of Mental Health and Disability Services from a county-based system to a regional system as implemented by the State of Iowa will continue to significantly affect the provision of services and how these services are funded locally.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND
CHANGES IN FUND BALANCES-
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2020

CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS \$ 2,881,002

AMOUNTS REPORTED FOR GOVERNMENTAL ACTIVITIES IN THE
STATEMENT OF ACTIVITIES ARE DIFFERENT BECAUSE:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlays expenditures and contributed capital assets exceeded depreciation/amortization expense in the current year as follows:

Expenditures for capital assets	\$ 16,297,425	
Capital assets contributed by the Iowa Department of Transportation	942,116	
Depreciation/amortization expense	(6,181,784)	
Loss on disposal of capital assets	<u>(12,403)</u>	11,045,354

Proceeds from issuing long-term debt provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year repayments exceeded issues, as follows:

Issued	(9,525,000)	
Repaid	<u>9,550,000</u>	25,000

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are recognized as deferred inflows in the governmental funds. 2,126,101

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Compensated absences	(420,730)	
Interest on long-term debt	857	
OPEB expense	(25,207)	
Pension expense	<u>(833,590)</u>	(1,278,670)

JOHNSON COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Johnson County, Iowa is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance and general administrative services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, Johnson County, Iowa has included all funds, organizations, agencies, boards, commissions and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of the organization's governing body and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the County. The County has no component units which meet the Governmental Accounting Standards Board criteria.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Johnson County Assessor's Conference Board, Iowa City Assessor's Conference Board, County Emergency Management Commission, Johnson County Joint E911 Service Board, MHDS East Central Region and the Johnson County Council of Governments. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County, except for the Johnson County Council of Governments.

B. Basis of Presentation

Government-wide Financial Statements – The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions. Interfund services provided and used are not eliminated in the consolidation process.

The Statement of Net Position presents the County's nonfiduciary assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories.

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

Restricted net position result when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation. Enabling legislation did not result in any restricted net position.

JOHNSON COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

Unrestricted net position consists of net position not meeting the definition of the preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants, contributions and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the County outside of incorporated city areas.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, required transfers from the General Fund and the Special Revenue, Rural Services Fund and other revenues to be used for secondary road construction and maintenance.

The Mental Health Fund is used to account for property tax and other revenues to be used to fund mental health, intellectual disabilities, and developmental disabilities services.

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

The Debt Service Fund is utilized to account for property tax and other revenues to be used for the payment of interest and principal on the County's general long-term debt.

Additionally, the County reports the following funds:

Proprietary Fund

An Internal Service Fund is utilized to account for the financing of goods or services purchased by one department of the County and provided to other departments or agencies on a cost reimbursement basis.

JOHNSON COUNTY, IOWA

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Basis of Presentation (Continued)

Fiduciary Funds

Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units and/or other funds. The County's agency funds consist of the following:

Ag Extension, Schools, Community Colleges, Corporations, Townships and State Levies: To account for the property taxes collected by the County for the Districts.

City Special Assessments: To account for the special assessment taxes collected by the County on behalf of the corporations of Johnson County.

County Sheriff Agency Fund: To account for the funds received for court services performed by the Sheriff's department.

County Recorder, Motor Vehicle Fees and Use Tax: To account for fees and taxes collected by the County for the state.

Tax Sale Redemptions: To account for the tax sale proceeds collected by the County.

E911 Surcharge: To account for the collections of the continued operations of E911.

Emergency Management Services: To account for the funds held to on behalf of the Emergency Management Board.

Empowerment Board: To account for the funds held on behalf of the Empowerment Board.

County Assessor: To account for the funds held on behalf of the County Assessor Board.

City Assessor: To account for the funds held on behalf of the City Assessor Board.

County Auditor: To account for the fund activity in the County Auditor cash box.

Flood Control: To account for the fund activity of monies received to mitigate flood risks within the taxing districts.

McBride Sanitary District: To account for the fund activity of the McBride Sanitary District.

MHDS/East Central Region: To account for the fund activity of the East Central Region.

Lower Cedar Watershed Management Authority: To account for the fund activity of the Lower Cedar Watershed Management Authority.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

JOHNSON COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus and Basis of Accounting(Continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within 60 days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursements grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Fund is charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The County maintains its financial records on the cash basis. The financial statements of the County are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Cash Equivalents and Pooled Investments – The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the Statement of Cash Flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, they have a maturity date no longer than three months.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is unavailable in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1 1/2% per month penalty for delinquent payments; is based on January 1, 2018 assessed property valuations; is for the tax accrual period July 1, 2019 through June 30, 2020 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in March 2019.

Interest and Penalty on Property Tax Receivable – Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Due from Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in, first-out method. Inventories consist of expendable supplies held for consumption. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Prepaid items – Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items in both governmental-wide and fund financial statements. The cost of prepaid items is reported as expenditures when consumed, rather than when purchased.

Capital Assets – Capital assets, which include property, furniture and equipment and intangible assets acquired after July 1, 1980, are reported in the governmental activities column in the government-wide Statement of Net Position. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repair that do not add to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Infrastructure	\$ 50,000

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Capital assets of the County are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful lives (In Years)</u>
Buildings	15-40
Improvements other than buildings	10-40
Infrastructure	20-65
Intangibles	2-30
Furnishings and equipment	2-30

Deferred Outflows of Resources – Deferred outflows of resources represent a consumption of net position that applies to a future year(s) and will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the County after the measurement date but before the end of the County’s reporting period.

Due to Other Governments – Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable – Trusts payable represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences – County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary fund and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees that have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2020. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Iowa Public Employees’ Retirement System (IPERS) and additions to/deductions from IPERS’ fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund and Special Revenue, Mental Health, Rural Services and Secondary Roads Funds.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Fund Equity (Continued)

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred outflows of resources related to OPEB, deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on Johnson County’s actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and Special Revenue, Mental Health, Rural Services and Secondary Roads Fund.

Deferred Inflows of Resources – Deferred inflows of resources represents an acquisition of net position application to a future year(s) and will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within sixty days after year end and succeeding year property tax that will not be recognized until the year for which they are levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivables that will not be recognized until the year for which it is levied and unrecognized items not yet charged to pension and OPEB expense.

Fund Balance – In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

Assigned – Amounts the Board of Supervisors intend to use for specific purposes.

Unassigned – All amounts not included in the preceding classifications. The general fund is the only fund that reports a positive unassigned fund balance.

Net Position – The net position of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

On June 18, 2020, the Board of Supervisors approved the counties Fund Balance policy, giving the Finance Director the authority to established assigned fund balances and the Board of Supervisors has to do a resolution to establish a committed fund balance.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2020, disbursements did not exceed the amounts budgeted.

F. Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Accordingly, actual results could differ from those estimates.

NOTE 2: CASH, CASH EQUIVALENTS AND POOLED INVESTMENTS

The County's deposits in banks at June 30, 2020 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The County held no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 72.

Interest Rate Risk – The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the County.

Credit Risk – The County's investment policy limits investment in commercial paper and other corporate debt to the top two highest classifications. The County did not invest in any commercial paper or other corporate debt during the year.

Concentration of Credit Risk – The County's investment policy does not allow for a prime bankers acceptance or commercial paper and other corporate debt balances to be greater than 10% of its total deposits and investments. The policy also limits the amount that can be invested in a single issue to 5% of its total deposits and investments. The County held no such investments during the year.

Custodial Credit Risk – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County did not hold any such investments during the year.

NOTE 9: PENSION PLAN

Plan Description – IPERS membership is mandatory for employees of the County, except for those covered by another retirement system. Employees of the County are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

Pension Benefits – A regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012, will use the highest three-year average salary as of that date if it is greater than the highest five-year average salary.

Sheriffs, deputies, and protection occupation members may retire at normal retirement age, which is generally at age 55. Sheriff and deputy and protection occupation members may retire any time after reaching age 50 with 22 or more years of covered employment.

JOHNSON COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 9: PENSION PLAN (Continued)

The formula used to calculate a sheriff and deputy and protection occupation members' monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month that the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month that the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

Disability and Death Benefits – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

Contributions – Contribution rates are established by IPERS following the annual actuarial valuation, which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires that the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2020, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the County contributed 9.44% of covered payroll for a total rate of 15.73%. The Sheriff, deputies and the County both contributed 9.51% of covered payroll for a total rate of 19.02%. Protection occupation members contributed 6.61% of covered payroll and the County contributed 9.91% of covered payroll for a total rate of 16.52%.

The County's contributions to IPERS for the year ended June 30, 2020 totaled \$2,960,862.

Net Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2020, the County reported a liability of \$15,327,952 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2019, the County's collective proportion was .2647014% which was a decrease of .0104556% from its proportion measured as of June 30, 2018.

NOTE 9: PENSION PLAN (Continued)

Net Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

For the year ended June 30, 2020, the County recognized pension expense of 3,797,215. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 137,160	\$ 729,119
Changes of assumptions	2,520,537	832,889
Net difference between projected and actual earnings on IPERS investments	-	2,875,393
Changes in proportion and differences between County contributions and the County's proportionate share of contributions	198,245	193,277
County contributions subsequent to the measurement date	<u>2,960,862</u>	<u>-</u>
Total	\$ <u>5,816,804</u>	\$ <u>4,630,678</u>

\$2,960,862 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ended <u>June 30,</u>		<u>Total</u>
2021	\$	286,657
2022		(878,799)
2022		(683,726)
2023		(478,415)
2024		<u>(20,453)</u>
	\$	<u>(1,774,736)</u>

There were no non-employer contributing entities at IPERS.

Actuarial Assumptions – The total pension liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Rate of Inflation (effective June 30, 2017)	2.60% per annum.
Rates of salary increase (effective June 30, 2017)	3.25 to 16.25%, average, including inflation. Rates vary by membership group.
Long-term investment rate of return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2019 valuation were based on the results of an economic assumption study dated March 24, 2017 and a demographic assumption study dated June 28, 2018.

JOHNSON COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2020

NOTE 9: PENSION PLAN (Continued)

Mortality rates used in the 2019 valuation were based on the RP-2014 Employee and Healthy Annuitant Tables with MP-2017 generational adjustments.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Asset Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Domestic equity	22.0 %	5.60 %
International equity	15.0	6.08
Global smart beta equity	3.0	5.82
Core plus fixed income	27.0	1.71
Public credit	3.5	3.32
Public real assets	7.0	2.81
Cash	1.0	(0.21)
Private equity	11.0	10.13
Private real assets	7.5	4.76
Private credit	<u>3.0</u>	3.01
Total	<u>100</u> %	

Discount Rate – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the contractually required rate and that contributions from the County will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1% lower (6.00%) or 1% higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net pension liability	\$ 34,270,365	\$ 15,327,952	\$ (554,974)

IPERS' Fiduciary Net Position – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at www.ipers.org.

NOTE 10: RISK MANAGEMENT

Johnson County, Iowa is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 779 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability,

NOTE 10: RISK MANAGEMENT (Continued)

automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual property operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's contributions to the Pool for the year ended June 30, 2020 were \$534,219.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$250,000 each occurrence, each location. Property risks exceeding \$250,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the County's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2020, no liability has been recorded in the County's financial statements. As of June 30, 2020, settled claims have not exceeded the risk pool or reinsurance coverage since the pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$1,000,000 and \$100,000, respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 11: EMPLOYEE HEALTH INSURANCE PLAN

The Internal Service, Employee Group Health Fund was established to account for partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Wellmark. Health benefits were self-insured up to a specific stop loss limitation of \$50,000 and an aggregate annual stop-loss amount of approximately \$8,279,706 for fiscal year 2020. Coverage from a private insurance company is maintained for losses in excess of the aggregate stop-loss amount.

Monthly payments of service fees and plan contributions to the Employee Group Health Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark from the Employee Group Health Fund. The County's contribution for the year ended June 30, 2020 was \$8,399,698.

Amounts payable from the Employee Group Health Fund at June 30, 2020 total \$1,248,934 which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims and to establish a reserve for catastrophic losses. That reserve was \$8,110,408 at June 30, 2020 and is reported as a designation of the Internal Service, Employee Group Health Fund net position. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years.

A reconciliation of changes in the aggregate liability for claims for the current year is as follows:

	<u>2020</u>	<u>2019</u>
Unpaid claims beginning of year	\$ 1,129,419	\$ 1,210,237
Incurred claims (including claims incurred but not reported at June 30, 2020 and 2019)	6,773,987	5,405,674
Payments:		
Payment on claims during the fiscal year	<u>(6,654,472)</u>	<u>(5,486,492)</u>
Unpaid claims end of year	\$ <u>1,248,934</u>	\$ <u>1,129,419</u>

NOTE 12: CONSTRUCTION COMMITMENTS

The County has entered into twelve contracts totaling \$31,038,678 for building, road and other construction projects. As of June 30, 2020, costs of \$23,712,182 on the projects have been incurred. The balance remaining on the projects at June 30, 2020, \$7,326,496 will be paid as work on the projects progress.

NOTE 13: LITIGATION

The County Attorney reported that as of June 30, 2020, various claims and lawsuits were on file against the County. The probability of loss, if any, is undeterminable. In most cases, any losses as a result of these claims and lawsuits would be covered by the County's insurance policies, less their deductible.

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description – The County administers a single-employer benefit plan which provides medical, prescription drug and dental benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The Plan does not issue a stand-alone financial report.

NOTE 14: OTHER POSTEMPLOYMENT BENEFITS (OPEB)(Continued)

OPEB Benefits – Individuals who are employed by Johnson County and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical, prescription drug and dental benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2020 the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefit payments	26
Active Employees	<u>438</u>
Total	<u>464</u>

Total OPEB Liability – The County's total OPEB liability of \$1,489,267 was measured as of June 30, 2020, and was determined by an actuarial valuation as of April 1, 2019.

Actuarial Assumptions – The total OPEB liability in the April 1, 2019 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of Inflation (effective June 30, 2019)	3.0% per annum
Rates of salary increase (effective June 30, 2019)	3.0% per annum, including inflation
Discount Rate (effective June 30, 2019)	3.79% compounded annually, including inflation
Healthcare cost trend rate (effective June 30, 2019)	6.0% annum decreasing to an ultimate rate of 5.0%

Discount Rate – The discount rate used to measure the total OPEB liability was 3.79% which reflects the index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP 2014 annuitant distinct mortality table adjusted to 2006 with MP 2018 generation projection of future mortality improvement.

The actuarial assumptions used in the April 1, 2019 valuation were based on the results of an actuarial experience study with dates corresponding to those listed above.

NOTE 15: TAX ABATEMENTS

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of the governments.

COUNTY TAX ABATEMENTS

The County provides tax abatements for urban renewal and economic development projects with tax increment financing as provided for in Chapters 15A and 403 of the Code of Iowa. For these types of projects, the County enters into agreements with developers which require the County, after developers meet the terms of the agreements, to rebate a portion of the property tax paid by the developers, to pay the developers as economic development grantor to pay the developers a predetermined dollar amount. No other commitments were made by the County as part of these agreements.

For the year ended June 30, 2020, the County did not abate any property tax under the urban renewal and economic development projects.

TAX ABATEMENTS OF OTHER ENTITIES

Property tax revenues of the County were reduced by the following amount for the year ended June 30, 2020 under agreements entered into by the following entities:

NOTE 18: SUBSEQUENT EVENTS

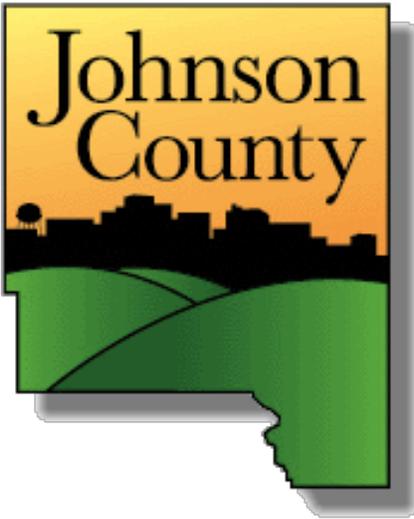

Subsequent events have been evaluated through March 26, 2021, the date the financial statements were available to be issued.

In December 2020, the County issued \$10,287,600 of Taxable General Obligation County Purpose Bonds Series 2020A and \$9,602,400 of General Obligation County Purpose Bonds Series 2020B. The Series 2020A is a short term bond with a maturity of April 15, 2020. The Series 2020B will mature during the next 3 fiscal years. The bonds will help fund improvements to County buildings, computer equipment, software and various other projects for the construction, reconstruction, improvement and repair of infrastructure, clean up following a disaster, vehicles for the County sheriff and emergency services, land purchase and engineering costs for various County projects.

NOTE 19: CONTINGENCIES

The COVID-19 outbreak is disrupting business across a range of industries in the United States and financial markets have experienced a significant decline. As a result, local, regional and national economies, including that of the County, may be adversely impacted. The extent of the financial impact of COVID-19 will depend on future developments, including the duration and spread, which are uncertain and cannot be predicted. Due to the uncertainties surrounding the outbreak, management cannot presently estimate the potential impact to the County's operations and finances.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION - BUDGETARY REPORTING

YEAR ENDED JUNE 30, 2020

This budgetary comparison is presented as Required Supplementary Information in accordance with Governmental Accounting Standards Board Statement No. 41 for governments with significant budgetary perspective differences resulting from not being able to present budgetary comparisons for the General Fund and each major Special Revenue Fund.

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the cash basis following required public notice and hearing for all funds except blended component units, the Internal Service Fund and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the General Fund, the Special Revenue Funds, the Debt Service Fund and the Capital Projects Fund. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, two budget amendments increased budgeted disbursements by \$14,703,939. The budget amendments are reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2020, disbursements did not exceed the amounts budgeted.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION LIABILITY

YEAR ENDED JUNE 30, 2020

Changes of benefit terms:

There are no significant changes in benefit terms.

Changes of assumptions:

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.0%
- Decreased the wage growth assumption from 4.00% to 3.25%
- Decreased the payroll growth assumption from 4.00% to 3.25%

The 2014 valuation implemented the following refinements as a result of a quadrennial experience study:

- Decreased the inflation assumption from 3.25% to 3.00%
- Decreased the assumed rate of interest on member accounts from 4.00% to 3.75% per year.
- Adjusted male mortality rates for retirees in the Regular membership group.
- Reduced retirement rates for sheriffs and deputies between the ages of 55 and 64.
- Moved from an open 30 year amortization period to a closed 30 year amortization period for the UAL beginning June 30, 2014. Each year thereafter, changes in the UAL from plan experience will be amortized on a separate closed 20 year period.

Basis of Presentation - The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Johnson County, Iowa under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Johnson County, Iowa, it is not intended to and does not present the financial position, changes in financial position or cash flows of Johnson County, Iowa. The County received federal awards both directly from federal agencies and indirectly through pass-through entities. Federal financial assistance provided to a subrecipient is treated as an expenditure when it is paid to the subrecipient. No federal financial assistance has been provided to a subrecipient.

Summary of Significant Accounting Policies - Governmental and proprietary fund types account for the County's federal grant activity. Therefore, expenditures in the schedule of expenditures of federal awards are recognized on the modified accrual basis - when they become a demand on current available financial resources in the governmental fund types and on the full accrual basis - when expenditures are incurred in the proprietary fund types. The County's summary of significant accounting policies is presented in Note 1 in the County's basic financial statements.

The County has not elected to use the 10% de minimis cost rate.

See Accompanying Independent Auditor's Report

COMPLIANCE SECTION

Independent Auditor’s Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

To the Officials of Johnson County, Iowa

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Johnson County, Iowa, (County) as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the County’s basic financial statements, and have issued our report thereon dated March 26, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County’s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County’s internal control. Accordingly, we do not express an opinion on the effectiveness of the County’s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity’s financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2020 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County and are reported in Part IV of the accompanying Schedule of Findings and Questioned Costs. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

County's Response to the Finding

The County's response to the finding identified in our audit is described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance

To the Officials of Johnson County, Iowa

Report on Compliance for Each Major Federal Program

We have audited Johnson County, Iowa's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended June 30, 2020. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on the compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-002 that we consider to be a significant deficiency.

The County's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Auditee qualified as low-risk auditee?	No

Part II: Findings Related to the Financial Statements:

Material Weakness

2020-001 Material Audit Adjustments

Criteria – A properly designed system of internal control over financial reporting allows entities to initiate, authorize, record, process, and report financial data reliably in accordance with generally accepted accounting principles.

Condition – During the course of our engagement, we proposed material audit adjustments to the financial statements which were necessary in order present accurate financial information.

Cause – There is a limited number of office employees with varying levels of experience with reporting requirements. This significantly limits the County's review procedures.

Effect – The effect of this condition was financial data not in accordance with generally accepted accounting principles.

Recommendation – We recommend the finance staff continue to receive relevant training and that additional review procedures be implemented in preparing the financial statements.

Views of Responsible Officials – We will continue to refine our audit review procedures and the training of our support staff, particularly in those areas that are complex in nature and with a high degree of activity annually.

Part III: Findings and Questioned Costs for Federal Awards:

**2020-002 U.S. Department of Agriculture
CFDA 10.557, 5888A093, 5888A051
Year Ended June 30, 2020
Special Supplemental Nutrition Program for Women, Infants, and Children (WIC)
Procurement and Suspension and Debarment
Significant Deficiency in Internal Control over Compliance**

Criteria – The Uniform Guidance, Section 200.303 Internal Controls, requires the non-federal entity must establish and maintain effective internal controls over federal awards that provide reasonable assurance that awards are being managed in compliance with federal statutes, regulations and the terms and conditions of the federal award.

Part III: Findings and Questioned Costs for Federal Awards (continued):

Non-federal entities are also prohibited from contracting with or making subawards under covered transactions to parties that are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a non-procurement transaction (e.g., grant or cooperative agreement) that are expected to equal or exceed \$25,000 or meet other criteria as specified in 2 CFR section 180.220.

When a non-federal entity enters into a covered transaction with an entity at a lower tier, the nonfederal entity must verify that the entity, as defined in 2 CFR section 180.995 and agency adopting regulations, is not suspended or debarred or otherwise excluded from participating in the transaction. This verification may be accomplished by (1) checking the Excluded Parties List System (EPLS) maintained by the General Services Administration (GSA) and available at <https://www.sam.gov/portal/public/SAM/>, (2) collecting a certification from that entity, or (3) adding a clause or condition to the covered transaction with that entity.

Condition – We tested compliance and internal controls over suspension and debarment and noted one vendor in which there was no documentation to support the contractor was not suspended or debarred.

Cause – There is a lack of controls over the suspension and debarment.

Effect – Failure to provide documentation of the suspension and debarment verification being performed may result in disallowed cost.

Questioned Costs – None reported.

Context/Sampling – Only one vendor met the threshold noted above. Therefore, the vendor was the only vendor selected for suspension and debarment testing.

Repeat Finding from Prior Years – No.

Recommendation – We recommend that management review and improve the approval and documentation process for program expenditures to identify "covered transactions" and ensure suspension and debarment verifications are performed.

View of Responsible Officials: Management will ensure all departments that use federal funds have this step included on a checklist for all transactions covered by this section.

Part IV: Other Findings Related to Required Statutory Reporting:

- 2020-IA-A Certified Budget** – Disbursements during the year ended June 30, 2020, did not exceed the amounts budgeted by function or department.
- 2020-IA-B Questionable Expenditures** – No expenditures that we believe may not meet the requirements of public purpose as defined in an Attorney General’s opinion dated April 25, 1979, were noted.
- 2020-IA-C Travel Expense** – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.
- 2020-IA-D Business Transactions** – There were no business transactions between the County and County Officials or employees for the year ended June 30, 2020.
- 2020-IA-E Restricted Donor Activity** – No transactions were noted between the County and County officials, County employees, and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- 2020-IA-F Bond Coverage** – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to ensure that the coverage is adequate for current operations.
- 2020-IA-G Board Minutes** – No transactions were found that we believe should have been approved in the Board minutes but were not.
- 2020-IA-H Deposits and Investments** – No instances of noncompliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the County’s investment policy were noted.
- 2020-IA-I Resource Enhancement and Protection Certification** – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
- 2020-IA-J Early Childhood Iowa Area Board** – Johnson County is the fiscal agent for the Early Childhood Iowa Area Board, an organization formed pursuant to the provisions of Chapter 256I of the Code of Iowa. Financial transactions of the Area Board are included in the County’s financial statements as part of the Other Agency Funds because of the County’s fiduciary relationship with the organization.

No instances of non-compliance were noted as a result of the audit procedures performed.
