

**You are invited to join co-workers and  
community members at:**

## ***Race: The Power of an Illusion (RPI)*** **Learning Exchange**

**This day of learning, listening & courageous conversation is being  
sponsored by Johnson Co. CPPC**

**RPI is a 1-day learning exchange that brings together professionals,  
volunteers, and community members to have conversations about the  
intersections of race, equity, and child welfare.**

**Participants will be provided with a brave space environment to discuss and  
consider how race affects our attitudes, beliefs, and behaviors. RPI is both a  
guided educational experience and a facilitated discussion that encourages  
and supports participants' active involvement in the learning exchange. A  
team of intensively trained facilitators with a background in child welfare,  
and commitment to eliminating disproportionality in the Iowa child welfare  
system lead the learning exchange.**

---

**This Learning Exchange will be presented  
In Person**
