Respiratory Virus Protection for Older Adults

by Sam Jarvis, Community Health Manager, Johnson County Public Health

As we get older, our immune systems tend to weaken over time, putting us at higher risk for certain diseases. All adults ages 65 and older should make sure they're up to date on these vaccines:

- COVID-19 vaccine
- Flu vaccine (influenza)
- Pneumococcal vaccine

Recently, the CDC endorsed the recommendation from the Advisory Committee on Immunization Practices that adults ages 60 and older *may* receive a single dose of RSV vaccine based on shared clinical decision-making with a health care professional. You can read more about the newly approved vaccine and the recommendations here: https://www.cdc.gov/mmwr/volumes/72/wr/mm7229a4.htm

International Day of the Older Person- International Speedfriendshipping Event

Tuesday, October 3, 4:00 pm

Location: Assembly Room, Iowa City Senior Center In honor of the United Nations International Day of Older Persons, celebrated each year on October 1, Iowa City Senior Center will host an afternoon of speed

"friendshipping" with an emphasis on making international connections. Everyone is welcome, and we're extending a special invitation to those who were born outside of the United States or lived abroad for a number of years.

Using a speed dating format (but for making friends rather than dating), participants will have a chance to meet and chat with community members, have some fun, and maybe even take the first step in creating new and lasting friendships. The event will start with a group icebreaker activity, shift to timed 1:1 conversations, and wrap up with open socializing and refreshments.

For more information or questions, please call 319-356-5220.

Upcoming Lego Builds

The Housing Action Team of the Johnson County Livable Community for Successful Aging's Policy Board initiative in collaboration with the Johnson County Affordable Housing Coalition and the Greater Iowa City Homebuilders Association will host Lego accessory dwelling unit (ADU) design competitions at community events.

These competitions funded by AARP are to inform the public regarding the community

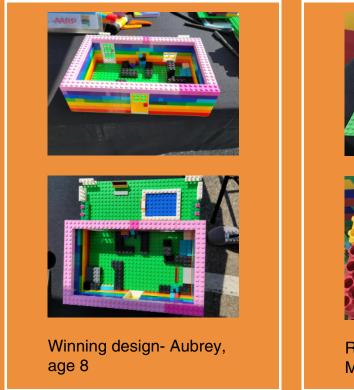

benefits of allowing ADUs within zoning and building code. Policy change to minimize lengthy application processes, decrease high fees, and eliminate harsh regulations associated with the development of ADUs will increase the supply of this more affordable type of housing for individuals 50-plus. Kids age 17 and younger are eligible to compete at each of the events for the \$50 first prize and \$25 2nd prize awards.

Upcoming Lego Builds: 9/23/23 Iowa City Farmer's Market from 7:30AM-12PM

10/7/23 Iowa City Farmer's Market from 7:30AM-12PM

Winning Designs from the Tiffin REC Fest in August are show below. Check out the **Johnson County Affordable Coalition's Facebook Page** for all of the winning
